STRATHMORE, ALBERTA, JANUARY 20, 1915.

Subscription Price, 1.00 per year

LOCAL JOTTINGS

The change in local weather for the past few days has been much appreciated after the prolonged cold spell.

Two more weddings fall to be recorded during the past week. On Wednesday the marriage took place of Mrs. Voss, Strathmore, to Mr. George B. M. von Voss. The ceremony was performed by Rev. Art Vaaler. Mrs. Voss has been resident in this district for more than five years, past which the bridegroom, though not, so long in the district, is also well-known. They are receiving the congratulations of their many friends.

Mr. Theodore Schulte, in charge of the C.P.R. telephone system throughout the irrigation block, has also been upon the matrimonial state, he being married at Calgary on Sunday at Knox Church by Rev. John Clark to Miss Jennie Scott, of Calgary. A number of friends were present, and after the ceremony luncheon was served, and the happy pair returned to Strathmore by the afternoon train. They have taken up residence at the house on Second Avenue formerly occupied by Mr. J. H. M. Martin. Teddy is well-known and very popular locally, and his many friends unite in wishing him and his bride much happiness and prosperity in the future.

Several more Strathmore people have joined the second Canadian Contingent and are anxious to get the scalp of Kaiser Bill at the earliest possible moment. These include Chas. Cole, formerly teller in the Union Bank at Strathmore, and more recently at Edmonton, who has joined the squadron of horse being recruited there, and Joe Price and Chas. Ratnay, who have joined the force being recruited at Calgary.

We have received from a Mr. A. J. H. Moffat, a gentleman residing in Bridgeport, Scotland, a letter advocating Home Rule for Scotland, which is too lengthy for publication in our columns. Subjects of that kind are better kept in cold storage during the present time, at any rate. As a speaker recently remarked, there is not much use in talking about alterations while the house is on fire. The first thing is to put it out, and then discuss alterations afterwards.

Yes, they do give a 75c meal for 35c, put up by a first class white chef at the Maple Leaf Hotel.

Mr. Geo. J. B. Lane comes of a fighting family. He has three brothers-in-law, one of whom has been severely wounded and another invalided home with feet frozen, and he also has four brothers-in-law in the firing line. Mr. Lane has seen active service himself in various campaigns of the world, and is an Army 2nd major in the Regulars.

The school presentation of prizes, which has been delayed somewhat owing to the transportation troubles with the books ordered, is now completed the books being distributed to the children yesterday.

The manager, chef, and all employees are white at the Maple Leaf Hotel.

Cardinal Mercier

who was arrested by the Germans because he issued a pastoral letter advising the Belgians not to give allegiance to the German administration.

Bow Valley Municipality Meeting

The first meeting of the 1915 Bow Valley Municipality Council was held in the Municipal Office, Strathmore, on Wednesday last. Councillors present were Messrs. E. E. Green, S. R. Loudenback, A. J. Baker, J. Thompson, Councillor E. E. Green was appointed Reeve of the Municipality for 1915.

The number of meetings to be held during the year was ten, the rate of remuneration being fixed at \$4 per meeting for the Reeve, and \$3 for each of the Councillors, with ten cents per mile for each mile travelled in order to attend the meetings.

Before introducing a by-law to fix a new law for the Municipality, it was agreed to circulate the ratepayers and get their views as to the form the bylaw should assume.

DELEGATES TO CONVENTION
Reeve E. E. Green was appointed to attend the Convention of the Alberta Horticulture Board on February 16, at Calgary, and he and the secretary were also deputed to attend the annual Rural Municipality and Local Improvements District Convention, which will be held in Calgary February 16, 17, and 18.

Dr. Girvin was appointed Medical Health Officer for the Municipality for 1915.

ROAD OPENING
With regard to the opening of road allowance between sections 13 and 14, in Township 24, range 25, the Board approved of the course taken by the secretary, and agreed to postpone action until their solicitors were heard from.

Hockey

STRATHMORE JUNIORS WIN FROM GLEICHEN

Strathmore juveniles have more life in them than the older boys have. They have played their second match of the season, with an outside team, while the senior team have done nothing at all, and do not show any signs of intending to do anything. Ten days ago the Strathmore juniors met the Gleichen boys at Gleichen, and were defeated. On Saturday, however, playing on their own ice, they evened things up by defeating Gleichen, after an exciting game, by a score of four to three.

The game was a fast and furious one. Gleichen excelled in combination work, but the good bookkeeping of Joe Smith and the accurate shooting of Harold Jenkins more evened up the situation.

Records of goals were as follows: Strathmore: Collision 1 minute, Jenkins 11 minutes, Jenkins 17 minutes, Way 11 minutes, half time. Gleichen: Beaspe 6 minutes, Beaspe 12 minutes, Jones 16 minutes.

Teams were:
Strathmore: goal, Joe Smith; point, H. Jenkins; coverpoint, H. Johnson; right wing, W. Gray; centre, F. Emley; left wing, Geo. Collision; rover, Harry Way.
Gleichen: goal, R. Prestwich; rover, V. Beaspe; point, Allen Quessell; coverpoint, R. Hunter; right wing, I. Service; Centre, D. James; left wing, F. Vigor.

Dr. A. W. Girvin left for the East yesterday, on receipt of a letter that his mother was seriously ill.

Another Fiasco

Nominations for candidates for Strathmore Town Council to fill the two vacancies noted in last issue were to have taken place on Monday, and the returning Officer Harry Wood was at his place in the Town Hall between 11 and 12 in the forenoon for the purpose of receiving nominations. But during the hour no prospective candidate showed up, and at 12 the nominations were declared closed. However several minutes past the hour two nominations papers were forwarded, in favour of the George T. Berry and A. W. Miller, but the Returning Officer would not handle them, as the nomination hour had passed, and nominations had been declared closed.

It is a pity there is so much apathy in the town at present with regard to public positions, but it is probable that in a few days the deadlock will be overcome by means of a new nomination next Monday.

COLONEL SEPTIMUS DENISON

who will command the Ontario Infantry Brigade which will form part of the second overseas contingent.

Ladies stopping at the Maple Leaf will get all the courtesies possible shown them.

Strathmore Agricultural School February 1 to 6

Every farmer within travelling distance from Strathmore should, for his own good, make his arrangements to be in town for the week commencing February 1, and attend the Provincial Government School of Agriculture which will be held here.

Without doubt it means a considerable sacrifice of time on the part of most of the farmers living around here, but this will be much more than repaid for by the valuable education which will be imparted by men who are experts in all branches of farm work.

In agriculture, as in every other industry in which brains are required, education makes all the difference between the successful farmer and the unsuccessful or indifferent one, and the object of the Department has in view in providing schools of instruction at various points throughout the province is to enable every farmer to take advantage of the opportunity offered. They figure that education helps the farmers to become more prosperous, and the more prosperous the farmer the more prosperous the province.

Copies of the programme for the week's course have been mailed by the Department to every farmer within the Rural Municipalities of Bow Valley and Keema. Any farmer who has not received one can have it sent on application to the Department at Edmonton.

The school will be held during the daytime in a large tent which will be erected somewhere in the town, and evening lectures, etc., will be held in the Opera House. On one evening of the week a public meeting will be held which will be addressed by the Minister of Agriculture, Hon. Duncan Marshall, and others.

The course will be entirely free, no charge of any kind being made, and everybody is invited.

The programme for the week is as follows:

MONDAY, FEBRUARY 1			
Beef Cattle	- - - -	1:30 to 4:30	
TUESDAY, FEBRUARY 2			
Clydesdale Horses	- - - -	10:00 to 12:00	
Clydesdale Horses	- - - -	1:30 to 3:00	
Feeds and Feeding	- - - -	3:00 to 4:30	
WEDNESDAY, FEBRUARY 3			
Dairy Cattle	- - - -	10:00 to 12:00	
Dairy Cattle	- - - -	1:30 to 2:30	
Farm Dairying	- - - -	2:30 to 4:30	
THURSDAY, FEBRUARY 4			
Percheron Horses	- - - -	10:00 to 12:00	
Percheron Horses	- - - -	1:30 to 3:00	
Farm Dairying	- - - -	3:00 to 4:30	
FRIDAY, FEBRUARY 5			
Sheep	- - - -	10:00 to 12:00	
Hogs	- - - -	1:30 to 4:00	
SATURDAY, FEBRUARY 6			
Grain	- - - -	10:00 to 12:00	
Soil cultivation and Weeds	- - - -	1:30 to 4:00	
Courses of instruction will be given in Live Stock, Dairying, Agronomy and Poultry Raising.			
Seven carloads of pure bred Stock will be carried. Instruction will be given in breed types, feeding, breeding, care and management of Live Stock.

The Latest in Fur Coats

The Blouse Coat of Mink

Mink Trim med Near seal

Near seal, High Collar, Short Sleeves, Cape Back

Near seal and Belgian Hare

Adjustable Ermine and Cape Coat

There will ever be a demand for furs when the thermometer registers cold weather. There will always be furs as long as women appreciate the rich beauty in colored peltry. Furs in sets and coats and trimmings will be the favorites for winter. As long as kings edge their royal mantles with ermine and as long as queens of fashion can hold the heavy, luxurious furs around them, the story of furs will hold interest for men and women.

Those that have real seal skin may well rejoice, for this is becoming very precious and scarce in the realm of coats. It has been supplanted by near seal, and the result is just as satisfactory as real seal skin. There is a demand in fashion for coats of caracul, moleskin—the latter being the season's mourning fur—fox in dyed and natural effects, kolinsky—which is Russian polecat—fish in both light and dark shades. Tailless ermine is another favorite; but do not think for a minute that the tails are not used. They generally are in a border or fringe at the lower edge of a wrap.

There is shown a novelty coat that can be changed into a cape at a minute's notice. This is done by unfastening the narrow ermine stole and cuffs that are attached by snaps to the collar and sleeves. Then the fur sleeves are unsnapped, and lo! the cape in all its rippling beauty of near seal is ready for a time when there need not be such close protection.

A high collar is a feature of a coat of near seal, and with a ripping back and short sleeves it sounds the note of the unusual to a fashionable degree. There are deep cuffs on the sleeves, and a shorter front portion is notable. The stock collar can be undone and laid down when the weather permits.

Of moleskin is the blouse coat that has a plastron attached to the belt and has certain fullness in the bodice. There are cuffs and collar of fox on this coat. This coat is a short model and will do well for short women.

The long coat of Belgian hare is trimmed with near seal at the collar and belt line. There is a bow of fur at the front and buttons of near seal trim the pointed cuffs. The coat is cut on straight lines and promises warmth and not too high cost for the average wearer.

Mink trims the last model, that is a conservative model with three-quarter sleeves and a slight curve at the lower edge. The bands of mink add character to the near seal and suggest a trimming that can be used to change a coat of other years. At any rate, it is a great favorite as a comfortable and stylish expression of the fur wrap.

If you own a fur coat you are indeed happy. If you do not, there is a joy in the surprise that awaits your first investment. The coat of fur is a luxury that borders closely on the necessity. If you doubt it, try one.

Changes of advertising terms must reach this office not later than noon each Monday.

WEDNESDAY, JANUARY 20, 1915.

Rockyford Notes

The Married Men's Dance, which was held on Friday evening (and Saturday morning) took the form of a Masquerade Ball, and was a huge success in every way. The attendance was not quite so large as at the Bachelors' Ball, but it was quite satisfactory, considering the not too favorable weather conditions. A heavy fog lay over the country and was responsible for the late arrival of many of the guests. As usual the surrounding districts were well represented, and as some people had trouble in following the trails in the fog, the dance which commenced about 9 p.m., continued till daylight the next morning. The music was provided by Mr. T. W. Bennett, and Messrs C. M. and A. J. Wise, and the hosts gave an extremely palatable supper about 1 a.m.

Few surprises were caused by the removal of the masks, but the various costumes added greatly to the brightness of the scene. Four Red Cross nurses flitted gaily around the hall, forgetting (for the moment at least) the woes of the sick and wounded. A pretty little Indian girl, escorted by a feathered brave, was the object of much admiration, but the same cannot be said for her partner in the opening waltz, a dark hued being, who might have passed for a nigger minstrel, but for his wide Irish grin, which could be associated with one man only. The usual horned Mephistophiles and baggy clowns were in attendance, and historical costumes also graced the gathering. One character worthy of special note was a "Wee Highland Lassie", in a plaid costume, who, on unmaking, turned out to be Mr. R. M. Blair of the Canadian Bank of Commerce.

As this was the first affair of its kind in the district, the promoters have great cause to congratulate themselves on its undoubted success.

The Tudor Ladies' Embroidery Club announced a card party and dance at Tudor on the 21st inst., and a dance on the 22nd inst.

We hear that the Young Ladies of this district have planned a splendid Valentine entertainment for the men on Monday, February 15th. They can rest assured that all the men will be there on time. We, personally speaking, think it will be good fun to see the girls do all the work for once.

Mr. Ruppe and Mr. Wm Rudd were visitors to Calgary this week.

Mr. H. C. Best started last Saturday to drive some 250 head of cattle to Rumsay, where he has purchased a large quantity of feed.

Mr. and Mrs. W. T. D. Rudd and family arrived here on Sunday on their return from a trip to the Old Country.

Don't forget the Canadian Patriotic Fund, Mr. J. H. Eakin, local Secretary-Treasurer.

ON THE BRINK OF NIAGARA.

Three Hours of Peril, but He Survived.

Clashed His Kells.

On the afternoon of June 1, 1872, an

old painter named William McCall-

ough while painting the bridge above

Niagara falls between the first and

second Sister islands fell into the rap-

ids. Instantly he was swept furiously

toward the cataract, not whirled into

leaving waves, so that he struck against

and seized a rock not far above the

brink.

Hundreds quickly gathered on the

shore and watched all eager to help,

but ignorant what to do. Among them

was Thomas Conroy, who secured a

coil of rope, fastened one end to a tree

on shore and with the other end to his

hand waded out as far as he could and

occasionally swam, the water being

from eighteen inches to six feet deep.

He aimed far up stream to allow for

the power of the current and at last

with great difficulty reached the unfor-

tunate painter and found him to him-

self with the rope. They were swept

off their feet several times on the way

back to shore, but that now had been

firmly fastened, and they finally landed

safely.

When they reached shore it was

found that McCallough still clutched

his putty knife firmly in his hand, hav-

ing held it during the three hours he

had been on the brink of the falls.

Down in the Depths.

The mermaid was hit. She sat lean-

ing against a rock, unmindful of the

sand that was settling on her beauti-

ful tail. In fact, she was too far gone

to care about anything.

Later, when Father Neptune came

along to inquire how she felt, she

shivered up a little.

"Oh, Father Neptune," she cried,

"could you not sit up and ask the

people on the beach if there is a doc-

tor amongst them?"

Neptune, only too glad to be of use,

departed and was seen returning with

a young man of professional appear-

ance.

The young man presented his card

to the mermaid, read it and

feinted.

He was a chirpologist—London An-

swers.

Serious Harm From Nails.

Investigations made by physicians

prove that there is appreciable harm

from nails, and serious harm too. It

is no doubt true that the normal nervous

system can apparently adjust itself to

all sorts of adverse circumstances. We

could exist otherwise. Nevertheless

the physical agents make an impres-

sion, and like water dripping on a stone

can overcome resistance in time. These

investigators have found many abnor-

mal nervous conditions in those who

have long been immersed in lead noise

uttered under the feet of their horses

being done—London Tri-Bit.

Early Recognized.

"That man sitting in the back seat

is the one who owns the automobile."

"Why, he is the only person in the

party who doesn't seem to be having a

good time."

"That's how I know. He's thinking

about tires, gasoline and speed limit

lines."—Washington Star.
